

## Sudbury Crane Training Schools

Sudbury Crane Training Schools - We have designed a lot of programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who needs re-certification or certification, and for inexperienced operator who is seeking work in the business. Positions for crane operators are in demand due to their high pay. Crane operators are amongst the highest paid of whatever operator of heavy equipment.

Our Crane Operator training provides instruction for various mobile cranes. Course content consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The program is best for crane operators, riggers and their supervisors. The materials included in the course will comprise a guidebook and various informative handouts. The illustrated safety manual features one hundred to two hundred fifty pages, that depends on the course, of essential and helpful material. Course materials consist of load exercises and load charts for the crane with which the trainee is working.

Hands-On Safety Training would take up over half of the course curriculum. The practical training section is the most helpful method to improving and developing personal skill levels. Just experienced journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of business experience.

For all the course we provide, we can include optional testing mechanisms to customize your training. A skills test is generally administered for programs that include H.O.S.T. Trainees would be graded and tested.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; Testing & Certification; and In-The-Seat Training.
